June 1, 2017

Dear Families,

Walden Pond Pediatrics is switching to a new electronic medical records system that we believe will very much improve your child's experience at our office. While we adjust to this new system, things like checking in and out at the office and visiting with Dr. Bakshi may take longer, and some of our office procedures may be a little different the next time you visit. We apologize for the inconvenience.

One great advantage of our new system is MyChart, a patient portal which enables you to view your child's medical record, including notes from medical visits and lab tests, get past immunization history, view and pay your bill, and even to download camp and sports forms.

You can access MyChart on your phone as well! Please download the MyChart mobile app from your phone's application center. Open the MyChart app, select your country and state, and pick "PPOC" (see logo bottom right) from the listed organizations. Then, log in!

After June 6th, please visit MyChart at <https://mychart.chppoc.org/wpp> and give it a try. If you have any questions, please call us at 978-369-9401. We strive to make your child's visit as easy as possible.

Thank you for your patience!

Sincerely,

Eshita Bakshi, DO
Walden Pond Pediatrics
